

# Passage Bio's Sponsored Genetic Testing Program

## General Information

- Eligibility:
  - Persons affected: Yes
  - Unaffected persons with family history: No
- Cost: \$0
- Testing available outside the U.S.: No
- Primary Program Limitations: Affected individuals only

## Laboratory Information

- Lab: Prevention Genetics
- CLIA Certified: Yes
- Genes Included:
  - *GRN*
  - *C9orf72*
  - *MAPT*
- Test Limitations: *C9orf72* expansion test result typically does not include exact repeat number
- Sample type: Buccal (cheek) swab; other options may be available

## Genetic Counseling (GC)

- GC Provider: InformedDNA
- Counselors certified by ABGC: Yes
- Counselors with neurodegenerative disease experience licensed in all states requiring licensure: Yes
- Counselors experienced in neurodegenerative disease: Patients are only scheduled with genetic counselors on InformedDNA's neurology team
- Pre-testing counseling provided: Yes
- Post-testing counseling provided: Yes
- Offers in-house physician ordering: Yes, after pre-test genetic counseling

## Privacy/Legal Considerations

- Validation of Patient Competence: Clinical judgment; genetic counselor will ask for power of attorney (POA) or have patient sign a healthcare surrogacy form identifying a family member to speak on their behalf.
- Data sharing: Results go to patient and physician. De-identified information goes to sponsors, no protected health information (PHI) is shared.
- Consent: Verbal consent for testing documented in visit summary; written consent in states if required. Written consent for counseling.
